### **Team Resumé**

**DMAT San Diego CA-4** is a non-profit 501(c)3 corporation, EIN# 33-0814611. It is a public benefit corporation, registered with the Registry of Charitable Trusts, State of California, Certificate number CT-114861.

**Date of creation:** A Memorandum of Understanding (MOU) between UCSD Medical Center, in conjunction with the Naval Hospital of San Diego (The Federal Coordination Center, San Diego Region), and the National Disaster Medical System, was signed July 19, 1991 and created the California-4 Disaster Medical Assistance Team (DMAT CA-4).

Signers: Michael Stringer, Director of Hospitals and Clinics, UCSD Medical Center, and Tom Reutersham, Director, NDMS. Founding Team Commander: Irving “Jake” Jacoby, MD.

A new MOU was signed on May 17, 1999, with International Relief Teams as a third sponsor, and merging DMAT CA-8, a public health specialty team formerly sponsored by International Relief Teams, into CA-4. Signers were Sumiyo Kastelic, Director of Hospitals, UCSD Medical Center, and Barry La Forgia, Director of International Relief Teams.

Following the passage of the **Pandemic and All-Hazards Preparedness Act (PAHPA)**, Public Law No. 109-417, the National Disaster Medical System was moved from the Dept. of Homeland Security back to the Dept. of Health and Human Services, and team members were recategorized as Special Government Employees under the Office of the Assistant Secretary for Preparedness and Response (ASPR), and the conclusion was that sponsors were no longer needed for the teams. The belief was that teams could function completely with support from NDMS, and did not need any other resources. In our opinion, that has not been successful, and DMAT San Diego CA-4, Inc., our non-profit organization, continues as a local resource, whose mission is to further local disaster preparedness and disaster responder training. As equipment from other activities, including state response and training, were added to the team’s

cache, the non-profit supports the maintenance and storage of this and other equipment and supplies.

**Original Co-Sponsors:** **UCSD Medical Center**, 200 West Arbor Drive, San Diego, California 92103 (1991-present) and **International Relief Teams**, 4560 Alvarado Canyon Road, Suite 2G, San Diego, CA 92120-4309 (1991-2006).

**Operations Center:** Address: 8580 Spectrum Lane, Suite #2, San Diego, CA 92121. Tel. 858-909-0209; Consists of Warehouse/Training Room, Disaster Library, Office.
